REACH and RoHS Customer Information

Dear ladies and gentlemen,

Memmert GmbH + Co.KG is aware of its social responsibility and understands the impact of its business activities on society and the environment. The safety and health of people and the protection of the environment are of paramount importance to us and we act accordingly.

Information on ingredients is based on statements and data provided by our suppliers or their own supply channels. Per our General Terms and Conditions of Purchase, our suppliers are obliged to keep us fully updated on such matters.

REACH Information according to Regulation (EC) No. 1907/2006

With regard to its electrical tempering devices, Memmert GmbH + Co.KG is a manufacturer of articles according to the definition of the regulation.

Article 33 of the REACH regulation applies to Memmert GmbH + Co.KG. We fully comply with the information obligations formulated therein.

RoHS Information according to Directive 2011/65/EU and the Delegated Directive 2015/863

We confirm the conformity of our products according to the RoHS Directive 2011/65/ EU resp. 2015/863/ EU of the European Parliament and of the Council on the restriction of the use of hazardous substances in electrical and electronic components and equipment.

Furthermore, we continue with full compliance with the maximum permissible concentration in homogeneous materials in percent by weight according to Annex III of the Directive:

- We confirm compliance with the requirements of the RoHS Directive 2011/65/EU for our end devices by affixing the CE mark and issuing the EU Declaration of Conformity. Within the necessary conformity procedure, compliance with the substance restrictions according to 2011/65/EU is checked and documented.
- For components other than end devices, for supplied accessories and supplied spare parts, we also confirm compliance with the substance restrictions according to 2011/65/EU.
